Top Skills

React.js

Core Java

JavaServer Pages (JSP)

Mayur Surbhalavi

Fresher | FrontEnd Web Developer | React.js | Spring
Nagpur, Maharashtra, India

Summary

I have completed training in Full Stack Web Development, which has given me a strong foundation in front-end technologies such as HTML, CSS, JavaScript, and ReactJS, as well as back-end technologies such as Node.js, and Spring JSP servlet. Additionally, I have experience in using version control tools like Git and deploying web applications to cloud platforms like AWS.

I have completed several projects during my training, including a social media application, a blog website, and a task management application. These projects have allowed me to gain experience in developing full-stack web applications, using various technologies and libraries.

As a fresher, I am eager to learn and grow in the field of Full Stack Web Development. I am a quick learner, open to feedback, and have a passion for creating high-quality and scalable web applications. I am excited to bring my skills and enthusiasm to a new team and contribute to the success of web development projects.

Experience

Jain Irrigation Systems Ltd.

Production Supervisor

February 2017 - May 2022 (5 years 4 months)

Jalgaon, Maharashtra, India

As a production supervisor I was managing the day-to-day operations of a manufacturing facility or production line. They are typically tasked with ensuring that production targets are met, quality standards are maintained, and safety protocols are followed.

Some specific duties :

1. Monitoring the production process and adjusting schedules as needed to meet production targets.

- 2.Ensuring that Assembly Machines are properly maintained and that any breakdowns or malfunctions are quickly addressed.
- 3.Ensuring that all products meet quality standards and that any defects are quickly addressed.
- 4.Collaborating with other departments, such as procurement and logistics, to ensure that production runs smoothly.

Education

Arc Technologies and Institutions

Full stack Web Development, Information Technology · (August 2022 - May 2023)

Nagpur University

mechatronics engineering, Electrical and Electronics
Engineering · (2005 - 2008)
